### PROFESSIONAL SUMMARY

A Nurse turned to tech. A nurse who strived to better themselves and others. Turned to tech by learning HTML, Javascript, CSS and other programming languages to help build websites and later build video games. By learning other programming languages and continually learning due to my love for technology and wanting to constantly learn more. I have worked with MongoDB, React, JavaScript and Python.

### TECHNICAL SKILLS

- Full Stack Development
- HTML
- CSS
- Javascript
- Python
- REACT
- Mongoose
- MongoDB
- SQL
- GIT
- JSON
- Django

### PROJECTS

**Guess the Word:** For my anime fans out there that allows the user to guess hit anime characters from the years of 1990's to the 2000s

- *This app was built mainly using JavaScript, HTML, CSS, and GIT*

**Anime Tracker:** Have you ever wanted to track which anime you have watched and write down their favorite quotes as a list. Well look no further. This app allows you to have a personal list of what animes you watched and remember which character said which quote just by adding it in.

- *This app was made mainly using: JavaScript, HTML, CSS, GIT, MongoDB, and Mongoose*

**Sudo Instagram skeleton:** Ever wonder what instagram looked like in a skeleton form and different languages but still with django. Well this app uses django, python and materialize for the site. You are able to post pictures and have others view them as well.

### EXPERIENCE

#### General Assembly, Los Angeles, CA

**Software Engineering Fellow**, October 2022- January 2023

- Developed proficiency in modern software engineering technologies including:
  - JavaScript, Mongoose, MongoDB, HTML, React, SQL and GIT
- Solved problems through collaborative projects and debugging exercises to improve code and maximize workflow
- Cooperation with teams of developers to build full-stack web application projects

### EDUCATION & CERTIFICATIONS

**General Assembly**  
*Certification of Course completion*  
**American Career College**  
*Associated degree of Nursing*

**Oct 2012 - Jan 2023**

**June 2021 - May 2022**

- Basic Life Support Certification
- Los Angeles Fire Card
